EDUCATION

Northeastern University, Boston, MA

Bachelor of Science in Computer Engineering and Computer Science (**GPA: 3.86/4.00**) *Anticipated May 2028*

Global Scholars Program (Oakland & London) - Freshman Year *Sep 2024 – May 2025*

Coursework: Embedded Design, Cornerstone of Engineering, Fundamentals of Networks

Honors and Awards: Dean's List (Fall 2025)

TECHNICAL SKILLS & INTERESTS

Software/Skills: Python, Java, Kotlin, HTML, CSS, JavaScript, C++, MS Office, Canva, Generative AI, Google Suites

Hardware: AutoCAD, SolidWorks, Autodesk Fusion 360, Arduino Circuit Board, Raspberry Pi Circuit Board

Interests: Recreational Soccer, Basketball, Bodybuilding, Sports Photography, Fashion and Style, Video Games (Fifa, 2K)

CERTIFICATES

Machine Learning: Crimson Data Science, Singapore International Science Camp 3D Printing, AI & ML Fundamentals

Generative AI: IBM SkillsBuild Game Changers AI and the Future of Live Sports

WORK EXPERIENCE AND EXPERENTIAL LEARNING

PL4TFORM, Singapore, SG

Writer and Editor *Jan 2022 - Oct 2024*

- Promoted discourse in economics by increasing audience engagement, producing content to spark debate among readers
- Advanced the platform's economic literacy mission by raising reader understanding and creating multimedia content
- Enhanced content quality and reach by improving clarity and accuracy, self-authoring 3+ articles and editing 5+ others

Port Labs, Oakland, CA

Husky E-Trek Participant *Oct 2024*

- Explored Port Lab's headquarters to learn how hardware startups scale in climate tech, robotics, IoT, and energy
- Engaged with founders and engineers on rapid prototyping, product design, and innovative hardware development
- Networked with professionals to explore opportunities in product development, prototyping and entrepreneurship

Weiss Asset Management, Boston, MA (Remote)

Investment Analyst Intern *Jan 2022 - Feb 2022*

- Conducted equity research and portfolio management in a selective 4-week investment program
- Designed and presented a hypothetical $1M stock portfolio with allocation strategy and risk analysis on MS Excel
- Achieved a simulated portfolio performance that outperformed the benchmark by 2-3% using Monte Carlo simulations

ENGINEERING PROJECTS

Supplement Recommender, Self-Developed (Remote)

Software Developer (Open-Source Project) *Jun 2025 – Sep 2025*

- Developed a full stack providing personalized supplement recommendations using HTML, CSS, JavaScript, and React
- Implemented AI-driven recommendation logic using GPT-3.5-Turbo to generate user-specific supplement suggestions
- Published the project on GitHub with co-developers, making it publicly accessible for exploration and testing

LEADERSHIP AND EXTRACURRICULARS

Northeastern University Oakland, Oakland, CA

Student Programming Board *Sep 2024 - Dec 2024*

- Managed event logistics, including scheduling, promotion, and on-site coordination, ensuring smooth operations
- Collected student feedback to inform improvements and optimize future programming for the university
- Collaborated with fellow elected students to plan and execute 2+ campus events to enhance the student experience

EcoHarmony, Edison, NJ

Head of Outreach *Oct 2023 - Apr 2024*

- Advanced EcoHarmony's mission of building a sustainable future by promoting awareness and engagement digitally
- Directed outreach and communications for a 150+ member sustainability think tank increasing engagement by 15%
- Oversaw research and writing for articles and created an online tracker that recorded 18,500+lbs of recycled materials

Learn to Be, Clark, NJ

Student Tutor *Jan 2023 - Jan 2024*

- Tutored students in mathematics for an academic year, providing personalized instruction and ongoing support
- Designed and delivered customized lesson plans for 4+ students, tailoring content to individual learning needs and goals
- Improved student performance, with most advancing by 2+ letter grades over the course of the full year

Voice of Change, Singapore, SG

Events Team Leader *Jul 2021 – Jun 2022*

- Led the events team to raise awareness and support underprivileged communities living in Singapore.
- Organized and executed food drives, webinars, a walkathon, and community initiatives to engage donors and volunteers.
- Raised over $2,300 in funds and resources to benefit underprivileged groups in partnership with Food from the Hearts
